

DISCUSSION QUESTIONS

EPISODE 9: WHO AM I?

1. How does your teen seem affected by peer pressure? What is their 'touch point'?
2. How do you think the relationship between mother and son changes as the boy gets physically bigger and stronger than her?
3. Have you talked to your children about the 'show-reels' they see of other people's lives through social media?
4. What sort of person do they want people to think they are? How do they choose which pictures to post online?
5. How do you think you are helping your teen to have a healthy and realistic view of the opposite sex? Do you consciously do/say anything in regard to this? What could you do/say that would give them a positive view of themselves and others?
