

You're the Hero of my heart

VERSE 1

You made the earth, You made all things good
You made the stars, all the universe
You knew my name before time began,
I'm in Your hands

CHORUS

You're the hero of my heart, You rescued me
The hero of my heart, and I am free

VERSE 2

Now I live knowing You are there
Now I live in Your love and care
You came down to be all I need
You walk with me

CHORUS

You're the hero of my heart, You rescued me,
The hero of my heart, and I am free
You're the hero of my heart, You rescued me,
The hero of my heart, and I am free
